Per Waste permit WMGR081 we have enclosed our incoming collection weights and outbound shipment weights for the year 2015. GER Solutions Permit number WMGR081D037. No processing only sorting and repacking of materials in 2015 and shipped out to downstream end of life processors. Company addresses are attached for our downstream processors. We have no contracts with manufactures. Bonding is still good at this time there is no increase necessary.

Question: I have several people call me in regards to paint, Furniture and tire recycling. Are there outlets that I can direct people to go to? I know Northampton County does paints but I don't believe Lehigh County has an outlet for residents. Your help would be greatly appreciated. *- called & left message to call Tim Bollinger w/ Lehigh County for answers - BC*
